Dear Mr. Coffman,

On behalf of the Boys & Girls Clubs of Metropolitan Phoenix (BGCMP), our staff, Board members and the children we serve, I would like to express our deepest appreciation for your recent gift.

For nearly 60 years, BGCMP has been in the forefront of youth development here in greater Phoenix. Our mission is to inspire and enable youth in our communities, especially those growing up in our most vulnerable neighborhoods, to realize their individual potential while preparing for responsible citizenship. Today, we have ten Branches located where the need is greatest with daily after-school and summer programs.

I truly believe that BGCMP offers young people what they need and want most -- adults who respect and listen to them; interesting, constructive activities that channel youthful energy into challenging pursuits; and a safe environment where they can have fun and be themselves. Research clearly shows that children who participate in quality programs during their out-of-school time benefit educationally, socially and physically.

Thank you again for your gift. We are grateful that you have chosen to support our organization, which helps so many children each year in these important ways.

Sincerely,

Amy Gibbons
