Moon Valley AZ 85022

Dear Bob:

Thank you for your participation in the 2009 Sage Tournament of Champions benefiting the Sage Foundation for Health providing medical care to uninsured and underserved children and adults in our community. Each year Sage Foundation supports numerous programs facilitated by student physicians and resident doctors from the Southwest College of Naturopathic Medicine such as: Arizona Pathways, Body Positive, Guadalupe Family Health Center, Hamilton Elementary Clinic, Mission of Mercy, Native American Community Health Center, Royal Assisted Living, and Sojourner Center.

Your gift, along with gifts from others who feel as you do, truly makes a difference. Each year, Sage Foundation provides care for over 18,000 sick children and adults who would otherwise have nowhere to turn. Thank you on behalf of the student physicians and residents passionately caring for these patients and thank you for the countless patients who will be helped by Sage Foundation in the future.

Cordially,

Edward Phillips  
Executive Director
