To Whom It May Concern,

Bob Coffman and his company, Caddy for the Hole, were a terrific addition to our recent golf tournament. Bob had great ideas during the planning stages that helped us immensely. His games were well run and professional.

We even enlisted him to act as our "emcee" for the evening and he did a terrific job! I encourage you to have Bob and his crew included in your event. You have nothing to lose and a lot to gain!

We look forward to his help again next year.

Sincerely,

Paige Lewis
