To whom it may concern:

As a Group and Tournament Director of two courses here in Green Valley, AZ, I am always looking for ways to add additional revenue to our charitable events. The Caddy for the Hole program has provided us with a 'value added' feature that has been very profitable and easy to implement into our tournaments and daily fee for play.

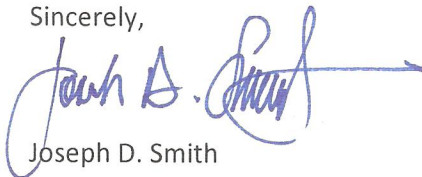

Every Tournament Coordinator that I have worked with has been impressed with the Caddy for the Hole program and the additional revenues they have received as a result. The professionalism of the Caddy for the Hole staff has been well received by all of our members as well as those participating in our events.

I would strongly recommend to any Event Coordinator or Club Professional to seriously consider using the services of Caddy for the Hole as we have. Should you have any questions regarding this outstanding program, please do not hesitate to call my cell phone or e-mail me directly at:
